## BENEFITS OF A SERVICE AGREEMENT FOR YOU AND YOUR SPRINKLER SYSTEM

- Priority scheduling and emergency service from a team in business 44 years with 220 years' experience
- Trained professionals who know **your** system and have all history and service details at their fingertips
- Water savings due to regular system maintenance
- **Free** annual flag visit (if requested) to locate irrigation heads prior to yard work, digging, aeration, landscaping, etc.

**SPRING ACTIVATION:** *Includes one hour of service time; any additional time will be billed in quarter-hour increments.*  
Activate water supply, inspect system for leaks and advise if repairs are necessary. Test automatic valves and controller and adjust all heads to ensure proper operation.

**OPTIONAL MID-SUMMER CHECK-UP:** *Includes 45 min. of service time; any additional time will be billed in quarter-hour increments; add \$89 to base Service Agreement rate*  
Inspect and test system for proper operation. Make seasonal adjustments to controller as needed to save water. Test rain sensor. Re-adjust sprinkler heads as necessary. This visit is designed to keep your system operating at optimum efficiency.

**FALL WINTERIZING:** *Includes one hour of service time; any additional time will be billed in quarter-hour increments.*  
Turn off water supply, open all drains, blow out system with compressed air, remove backflow preventer. Remove suction lines from ponds or lakes and disconnect power supply from pump where necessary. This visit is made during late fall.

## UPON ACCEPTANCE, PLEASE REMIT THIS STUB WITH PAYMENT IN ENVELOPE PROVIDED
